Choose Between Two Job Offers and Explain Your Choice

Express Opinion | OREO | Choose & Defend

Name: _____ Date: _____

SLIDE 02 Today's goal

By the end of this lesson, I can:

Say which of two job offers you would take, support it with one reason that compares the offers and one example, and answer a simple question about it.

WHO You work in a small company in Johor Bahru. At lunch, your manager, Mr. Tan, talks about his daughter.

SITUATION His daughter has two job offers in sales. Pasir Gudang: RM4,800 a month, about an hour's drive each way. Skudai: RM4,000 a month, 15 minutes from home, and they will train her to run their online shop.

NEED She must answer both companies by Friday, and she cannot decide. Mr. Tan turns to you and asks: "Which one would you take?"

GOAL Say which offer you would take, give one reason that compares the two offers and one example, and answer Mr. Tan's questions politely.

Pasir Gudang
- RM4,800 a month (RM9,600 more a year)
- About 1 hour's drive each way
- The same sales work she does now

Skudai
- RM4,000 a month (RM800 less)
- 15 minutes from home
- Training: running the online shop

SLIDE 03 Try it first

Mr. Tan asks: “My daughter has two job offers, and she can’t decide. What about you? Which one would you take?” Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Mei Ling’s answer. Mark where each part starts.

Personally, I'd take the job in Skudai, Mr. Tan. I know it pays RM800 a month less. The main reason is time. Skudai is only 15 minutes from home, but Pasir Gudang is about an hour each way. For example, my brother works in Pasir Gudang. He drives two hours a day: he leaves home at 7 and gets back at 7 at night, so he’s always tired. With Skudai, she'll get an hour and a half back every day. So overall, I'd still take the Skudai job.

SLIDE 05 Organise it

Ali’s sister has two offers: a bank job in JB, or a shop job in Singapore with more pay. Put Ali’s view in order.

- [ ] This is because she'll learn more at the bank, and for me that matters more than the pay.
- [ ] That’s why I'd choose the bank job.
- [ ] For instance, our cousin started there as a trainee, and now, five years later, she runs a branch.
- [ ] If you ask me, I'd take the bank job in JB.

Write the letter: **O** = Opinion · **R** = Reason · **E** = Example · **O** = Opinion again

Skudai is **closer** to home, and the drive is **shorter**.

She'**ll learn** how to run an online shop.

In a year, she'**ll have** more time for herself.

1. Quiet time (2:00): read your card. Choose. Circle ONE reason. Example: a number on the card or someone you know.
2. Round 1 (3:00 each): card number, then O → R → E → O. Listener: fill the note, ask 'Why not the other one?' Swap roles.
3. Line B moves one seat. Round 2 (2:00 each): same card, new listener, shorter. Listener: note, same question. Swap.
4. Line B moves again. Round 3 (1:00 each), frames closed: speaker's card and workbook down. Listener: write, say it back.
