Recommend a Plan or Package to a Customer

Recommend | OREO | Client Role-play

Name: _____ Date: _____

SLIDE 02 Today's goal

By the end of this lesson, I can:

Find out what a customer needs, recommend one of two plans with a reason and a comparison, and answer 'That's too expensive' politely.

WHO You are new in sales at a small JB company that rents out and sells office printers. Kumar has sold these plans for years.

SITUATION A kindergarten owner in Taman Johor Jaya needs a printer. She prints about 2,500 worksheets a month. She also prints a colour newsletter for the parents at a print shop: 80 pages at RM1, so RM80 a month.

NEED She comes in at 3 p.m. today. Her budget is about RM150 a month. Before that you practise: Siti plays her. She asks which plan to take, then says it's too expensive.

GOAL Name her need, recommend one plan with a reason and a comparison, and answer 'That's too expensive' politely: explain in one or two sentences, or change your recommendation.

Basic plan · RM99 a month

- Black and white only
- Up to 3,000 pages a month
- Repairs within 1 working day
- Change plan any month

Colour plan · RM149 a month

- Colour and black and white
- Up to 3,000 pages a month
- Repairs within 1 working day
- Change plan any month

SLIDE 03 Try it first

Siti asks: “Hi. So I need a printer for my kindergarten, and you have two plans. Which one should I take?” Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Kumar’s answer. Mark where each part starts.

You told me you print a colour newsletter for the parents every month, so I'd recommend the Colour plan. The main reason is money, because you pay the print shop RM80 a month for that newsletter now. I know Colour is more expensive than Basic: RM50 more a month. But with Basic, you still pay the print shop RM80, so you really pay RM179. So if you want to print the newsletter on your own printer, Colour is the better choice, and at RM149 it’s still under your budget.

SLIDE 05 Organise it

Mei Ling helps a customer choose how to pay for a new copier. Order: Recommend → Reason → Compare → Recommend again.

- [ ] Paying everything today is RM120 cheaper, but then you pay RM2,280 this month.
- [ ] The main reason is that you pay only RM800 now, not RM2,400.
- [ ] So if you want to keep some money this month, three payments are the better choice.
- [ ] You said this month is tight because of school fees, so I'd recommend paying in three months.

Write the letter: **O** = Need · recommend · **R** = Reason · **E** = Compare · example · **O** = Recommend again

Client Role-play

Staff ask about the customer's needs, recommend one of two plans and answer 'That's too expensive'. The customer asks 'Why not the other one?', fills a note and decides: take the plan or not.

1. Round 1 (3:00): staff say the card number and the two plans, ask about the need, then recommend one.
2. Customer: answer when asked, ask 'Why not the other one?', say 'That's too expensive.' Staff: acknowledge + one fact.
3. Customer: fill the note, say 'I'll take it' or 'I'll think about it'. Round 2 (2:00): line B moves one seat; shorter.
4. Round 3 (2:00), frames closed: staff shut the workbook, card only. One question, recommend, answer the price. Then swap.

SLIDE 12 Respond

Siti asks. Write a short answer to one of these.

1. RM149 a month? That's too expensive for a small kindergarten.
2. Maybe I'll send the newsletter on WhatsApp. Then do I need colour?
3. My old printer broke twice this year. What if this one breaks too?

Start with: **I understand. It's RM50 more, but … · That's true. Then … may suit you better. · Good question. With both plans, …**

SLIDE 13 Transfer

Your mother wants to join a line-dancing class at the community hall. She goes about three times a week, but one week every month she visits your sister in Singapore, so about nine classes a month. Pay per class: RM15. Monthly pass: RM80, as many classes as she likes. Recommend one. Then she says, 'That's too expensive!' Answer her.

You told me …, so I'd recommend … · … is cheaper, but … · I understand, Mum. It's …, but … · So if you …, … is better.

SLIDE 14 Did I do it?

Be honest. Tick what you did in the task.

- [ ] Finds out the customer's needs and names one with the recommendation.
- [ ] Compares the two plans on that need and gives a reason.
- [ ] Acknowledges 'That's too expensive' and answers in one or two sentences, or changes the plan.
