Recommend Places to a Visitor

Recommend | OREO | Client Role-play

Name: _____ Date: _____

SLIDE 02 Today's goal

By the end of this lesson, I can:

Find out what a visitor likes and needs, recommend one of two places with a reason, and tell them how to get there.

WHO A client from Penang is in JB for two days of meetings with Mr. Tan. You and Kumar are looking after her.

SITUATION She is free tonight after 6 p.m. Her hotel is in the city centre and she has no car. You know two good places for dinner; they are in the boxes below.

NEED She wants to try JB food, she doesn't like spicy food, and she wants to be back at her hotel by 9 p.m. to get ready for tomorrow's meeting.

GOAL Find out what she likes, recommend one of the two places, say why it suits her, and tell her how to get there.

Two places

- Food street in the old town: local dishes like mee rebus (RM8), about RM15 a person · open 6 to 11 p.m. · outdoors, no air-con · a 10-minute walk from her hotel
- Seafood restaurant in Danga Bay: steamed fish, chilli crab, about RM60 a person · open 5 to 11 p.m. · air-con · full after 7 p.m. (about 30 minutes' wait) · 15 minutes by e-hailing car, about RM12

What she needs

- JB food
- Nothing spicy
- No car · back at the hotel by 9 p.m.

SLIDE 03 Try it first

Mr. Tan asks: “Our client from Penang is free tonight after six. She’s asking where to go for dinner. What can you tell her?” Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Kumar’s answer. Mark where each part starts.

You want JB food that isn’t spicy, and you don’t have a car, so I'd recommend the food street in the old town. The main reason is that it’s close. The seafood place in Danga Bay is nicer inside, but it’s 15 minutes by car and it’s full after seven. Try the mee rebus and ask for no chilli. It's about RM8. To get there, turn left out of your hotel and walk for ten minutes. So if you want good local food and an early night, the food street is the easier choice.

O NEED · RECOMMEND

R REASON · COMPARE

E EXAMPLE · THE WAY THERE

O RECOMMEND AGAIN

SLIDE 05 Organise it

Siti's aunt from Kuantan wants a morning walk. Order: Need + recommend → Reason → Example → Recommend again.

- [ ] The main reason is the shade. Danga Bay is nice too, but it has no trees, so it's very hot by nine.
- [ ] Walk round the lake: the path is about 3 km. It's 15 minutes by car from my house, and I can drive you.
- [ ] You like walking and you want to start early, so I'd recommend the city forest park.
- [ ] So if you want a cool morning walk, the forest park is the better choice.

Write the letter: **O** = Need · recommend · **R** = Reason · compare · **E** = Example · the way there · **O** = Recommend again

SLIDE 11

Client Role-play

The recommender asks what the visitor needs and recommends one of two places, with the way there. The visitor writes a plan: the place, why it suits them, why not the other, how to get there.

1. Round 1 (3:00): say your card number. Ask what they need. Recommend one place, why not the other, and the way there.
2. Visitor: answer only when asked (nobody asks? say 'Can I tell you what I need?'). Fill in your plan, ask one question.
3. Round 2 (2:00): line B moves one seat. Same card, new visitor, shorter: the need, the place, the way there.
4. Round 3 (1:00), frames closed: no asking, start 'You want …, so …'. Visitor: new column, one question. Then swap roles.

SLIDE 12 Respond

Mr. Tan asks. Write a short answer to one of these.

1. How does she get back to the hotel?
2. When is it open?
3. How much does dinner cost there?

Start with: **She can walk / take an e-hailing car … · It's open from … to … · It's about RM… a person.**

SLIDE 13 Transfer

Your aunt from Seremban is in JB on Sunday morning and wants dim sum. She walks slowly and doesn't like crowds. You can drive her. A dim sum shop: RM25 a person, a long queue after 9 a.m., parking is hard, 10 minutes from your house. A hotel Chinese restaurant: dim sum at RM50 a person, quiet, a lift from the car park, 20 minutes away. Recommend one and say how to get there.

She doesn't like …, so I'd recommend … · The main reason is … · … is cheaper, but … · To get there, …

SLIDE 14 Did I do it?

Be honest. Tick what you did in the task.

- [ ] Names the visitor's need and recommends one place.
- [ ] Gives one reason and compares the two places on it.
- [ ] Says how to get there, with a time or a cost.
