Report an Incident: Say Exactly What Happened

Narrate | PPF | Story Interview

Name: _____ Date: _____

SLIDE 02 Today's goal

By the end of this lesson, I can:

Report a small incident so that someone who was not there can write it down: when, where and who, what happened in order, how it ended, and what happens next.

WHO	You work at a small company in JB. Yesterday at about 5.40 p.m., you and Kumar were putting samples into the company car in the car park behind the office.
SITUATION	A Fast Go delivery van reversed into the back of the car. Nobody was hurt. The two of you took four photos and got the driver's number. He said his company will pay, but you have nothing in writing.
NEED	Mr. Tan was out at a customer. This morning he asks what happened. He must send the insurance form by Friday, so he needs the facts: when, where, who, and in what order.
GOAL	Report it in order: the scene, what happened, how it ended (a broken back light and a dent, but the car still works), the next step (the workshop tomorrow morning), and what is still open.

SLIDE 03 Try it first

Mr. Tan asks: "I heard there was an accident in the car park yesterday. What happened, exactly?" Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Kumar's answer. Mark where each part starts.

Yesterday at about 5.40 p.m., the two of us were in the car park behind the office. While we were putting samples into the company car, a Fast Go van reversed into it. First, we checked that nobody was hurt. Then we took four photos and got the driver's number. Now the back light is broken and there's a dent. Tomorrow morning, I'm going to take the car to the workshop for a quote. After that, I'll send you the quote and the photos for the form. One thing is still open: the driver said his company will pay, but we have nothing in writing. Can you call them today?

P PAST · THE SCENE AND THE FIRST EVENT

P WHAT WE DID · HOW IT IS NOW

F FUTURE · WHAT HAPPENS NEXT

! STILL OPEN

SLIDE 05 Organise it

Siti calls City Post about a parcel that went missing. Order: what happened → now → next → still open.

- ☐ One thing I still need is a report number, because our insurance asks for it.
- ☐ Can you check your warehouse this afternoon? I'll call the customer at 5 p.m. with the news.
- ☐ Today is Thursday. The tracking still says 'On the way', and the customer still doesn't have it.
- ☐ On Monday at 10 a.m., your driver collected a parcel from our office for a customer in Kluang.

Write the letter: **P** = Past · the scene and the first event · **P** = What we did · how it is now · **F** = Future · what happens next · **!** = Still open

SLIDE 08 Time control

Circle the right form. Why?

1. At 5.40 p.m., we _____ samples into the company car. (What was going on (the background))
   - ○ were putting
   - ○ putting
   - ○ was putting
2. Then a delivery van _____ into the back of it. (One event in the story)

SLIDE 09 What was going on, and what happened

Use was / were + -ing for the background: what was going on. Use the Past Simple for the event that happened in the middle of it. Join them with when or while.

We **were putting** samples into the car **when** a van **reversed** into it.

While I **was talking** to the guard, the driver **came** back.

It **was raining when** we **left** the office.

The guard **was sitting** at the gate **when** it **happened**.

Story Interview

The speaker reports an incident from a mixed-up card. The listener cannot see the card: they ask questions, fill in the incident form, star what they had to ask for, and read the form back.

1. Round 1 (3:00). Speaker: say your card number. Report it in order: the scene, what happened, how it ended, next.
2. Listener: fill in the form; star (*) each line you had to ask for. Read the form back; the speaker corrects it.
3. Round 2 (2:00): listeners move one seat. Same card, new listener, shorter. Try for fewer stars. Next column.
4. Round 3 (1:00), frames closed: speakers keep only the card. Listener: key words, 30 seconds to check. Then swap roles.

Card 1 · A customer slipped in the shop

Card 2 · A motorbike hit your car

Card 3 · Stuck in the office lift

Card 4 · A box fell in the store room

SLIDE 12 Respond

Mr. Tan asks. Write a short answer to one of these.

1. Where is the damage, exactly?
2. Can we still use the car today?
3. When will we know how much the repair costs?

Start with: **It's on … The … is broken, and … · Yes, but … · We'll know … I'll tell you by …**

SLIDE 13 Transfer

At your condo last night, something happened in the lift lobby, and the guard needs the facts for his book. Your notes, not in order: the glass door is cracked · about 9.30 p.m., ground floor lift lobby · a delivery rider's motorbike fell over and hit the door · you were waiting for the lift · the rider was not hurt · next: send your photo to the management office tomorrow. Or report a small incident from your own life.

Last night at about …, I was … · While I was …, … · First, … Then … In the end, … · Next, …

SLIDE 14 Did I do it?

Be honest. Tick what you did in the task.

- [ ] Starts with the day and the clock time, the place and who was there, before the first event.
- [ ] Tells what happened in order, with time words, so the listener can write it down.
- [ ] Says how it ended and what happens next.
