Name: _____ Date: _____

SLIDE 02 Today's goal

By the end of this lesson, I can:

Tell your manager where you are stuck, why, what it affects and what you need, and answer a simple follow-up question.

WHO	You work in the accounts team of a small company in Johor Bahru. Every week you pay the suppliers online.
SITUATION	It is Wednesday morning. Your bank security token is broken, and the bank needs three working days to send a new one: it comes on Monday. Six suppliers are waiting for RM8,400 in total.
NEED	The paper supplier needs RM1,200 by Friday, or they stop your next delivery. The other five can wait until Monday. Mr. Tan has a login too. He has two minutes between meetings.
GOAL	Tell Mr. Tan where you are stuck, why, what it affects and what you need from him. Then answer his questions.

SLIDE 03 Try it first

Mr. Tan asks: "You look worried. Is something wrong with the supplier payments?" Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Mei Ling's answer. Mark where each part starts.

Mr. Tan, I'm stuck on the supplier payments. At the moment I can't log in to our bank account. This is because my security token is broken, and the bank needs three working days to send a new one. It comes on Monday. So six suppliers are still waiting for RM8,400. For example, the paper supplier needs RM1,200 by Friday, or they stop our next delivery. What I need is your help. Can you pay the paper supplier from your login today? The other five can wait until Monday. Did I explain that clearly?

O PROBLEM _____

R CAUSE _____

E EFFECT _____

O WHAT I NEED _____

SLIDE 05 Organise it

Kumar tells Mr. Tan about a problem. Put his sentences in order: Problem → Cause → Effect → What I need.

- ☐ That's why the hotel is still waiting. They want 300 towels, and they need our price by 12 tomorrow.
- ☐ I'm stuck on the quotation for our new hotel customer.
- ☐ What I need is your help. Can you call the factory manager today?
- ☐ The reason is that we are still waiting for the new towel prices from the factory.

Problem Report

The speaker reports a problem from a mixed-up card. The manager cannot see the card and fills a Problem Report note: problem, cause, effect, what is needed.

1. Quiet minute: mark each fact on your card P, C, E or N. Round 1 (3:00): report problem → cause → effect → need.
2. Manager: read the listener card at the seat. Fill the note, numbered 1–4 as you hear it. Read back, ask one question.
3. Round 2 (2:00): managers move one seat. Same card, new manager, a shorter report.
4. Round 3 (2:00): new manager. Speakers turn workbook and card over and speak without reading. Then swap roles.
