SLIDE 02 Today's goal

By the end of this lesson, I can:

Find out what a group needs, drop one of three places, and recommend one of the other two with a reason and a comparison.

WHO You and Siti are on the committee for the company's year-end dinner, on a Friday night in December.

SITUATION You have looked at three places: a hotel, a seafood restaurant 25 minutes away by car, and the restaurant downstairs in our building. Their prices, rooms and travel times are in the boxes below.

NEED Mr. Tan wants a recommendation at tomorrow's meeting. 25 people are coming and the budget is RM1,500 in total. 16 people drive; 9 have no car and come to work by bus.

GOAL Drop one place, recommend one of the other two, say why it fits the needs, and answer Mr. Tan's questions.

Three places

- Hotel: RM80 a head (RM2,000) · function room for 40 · 20 min by car
- Seafood place: RM55 a head (RM1,375) · private room for 30 · 25 min by car
- Restaurant downstairs: RM50 a head (RM1,250) · private room for 20, so 5 people sit outside · in our building

What we need

- 25 people
- RM1,500 in total
- 16 people drive · 9 have no car

SLIDE 03 Try it first

Mr. Tan asks: “So, you looked at three places for the year-end dinner. Which one should we choose?” Say something for 30 seconds. Then note what you said.

SLIDE 04 A good message

Siti’s answer. Mark where each part starts.

The hotel is RM2,000, so it’s over our budget. We need one room for all 25 of us, so I'd recommend the seafood place. The main reason is space: its private room holds 30 people. The room downstairs is smaller, so five of us will sit outside. The seafood place is further away, but at RM1,375 it’s still under our budget. And if the 16 drivers take one or two people each, everyone will get there. So overall, if we want the whole team in one room, the seafood place is the better choice.

SLIDE 05 Organise it

Kumar recommends a lunch place for two customers. Order: Recommend → Reason → Compare → Recommend again.

- [ ] So if we want a quiet lunch, the Nyonya restaurant is the better choice.
- [ ] They want somewhere quiet to talk, so I'd recommend the Nyonya restaurant in Taman Molek.
- [ ] The main reason is its private room, because we need to show them our new price list.
- [ ] The food court near their factory is cheaper, but it's very noisy at lunchtime.

Write the letter: **O** = Drop one · recommend · **R** = Reason · **E** = Compare · example · **O** = Recommendation again

Option Challenge

The recommender asks what the listener needs, drops one of three places and recommends one of the other two. The listener writes a note: what was dropped, the choice and the reason.

1. Round 1 (3:00): say your card number and your three places. Ask about the need. Drop one, then recommend one.
2. Listener: tell the needs when asked, fill the note, then ask 'Why not …?' Recommender: answer in 1–2 sentences.
3. Round 2 (2:00): line B moves one seat. Same card, new listener, shorter: the need, drop one, recommend.
4. Round 3 (1:00), frames closed, no asking: 'You need …, so …'. Workbook over, card only. Then swap roles and repeat.

SLIDE 12 Respond

Mr. Tan asks. Write a short answer to one of these.

1. How will the people without a car get there?
2. How much will it cost in total?
3. When will you book it?

Start with: **If …, everyone will … · It will cost RM… in total. · I'll call them … and book it by …**

SLIDE 13 Transfer

A friend is planning her mother's 60th birthday lunch: 20 guests, about RM1,000, and some guests can't climb stairs. A hotel: RM90 a head. A restaurant: RM45 a head, tables downstairs, but the private room is upstairs with no lift. Her condo's function room: free, with a lift, but she must order the food herself, about RM30 a head. Drop one and recommend one.

… is over the budget, so … · She needs …, so I'd recommend … · … is cheaper than …, but … · So overall, if …, …

SLIDE 14 Did I do it?

Be honest. Tick what you did in the task.

- [ ] Names the need and recommends one place.
- [ ] Drops one option and says why in one sentence.
- [ ] Compares the other two on a need and says why the choice fits.
